Students in Free Enterprise is a non-profit college organization. Our mission is not only to keep the student population and community aware of our great free enterprise system, but to demonstrate through example the benevolent results of engaging in our economic system which has made our country great.

We fully support the basic philosophy of the Bethany House, and we're sure you will too, once you know the many great things this non-profit organization does for the handicapped and economically disadvantaged individuals and families in our communities. On April 5 TCBY Yogurt Company will donate \$.60 for each cup of yogurt sold at the HVCC Campus Center, and \$.75 for each waffle sale at the following locations:
